

“Weapon Of Choice-Firearms” by Kirk Hunt

My brethren, count it all joy when ye fall into divers temptations; Knowing this, that the trying of your faith worketh patience. But let patience have her perfect work, that ye may be perfect and entire, wanting nothing.

James 2:2-4 (KJV)

Firearms and artillery have one thing in common: the barrel. The barrel must be perfectly straight. The barrel must be perfectly round. Even the rifling, the twisted grooves within the barrel, must be cut, then finished exactly. Without these features, the firearm will not be inaccurate or a weapon of choice.

Gun drilling is the limiting factor in making a firearm. It is a unique process with extraordinary requirements. I know from experience it is not easily done. It requires an expert craftsman, and patience, to complete correctly. Too often, multiple passes on the same barrel are needed for a good outcome.

God intends to use you to deliver His Word and grace to a dying world. That means the barrel of your life and soul must be perfectly straight, perfectly round, then grooved just so. With these features, you will be able to accurately deliver God's grace and Word to others.

In order to achieve the needed level of perfection, God will have to work and re-work your life. He is the ultimate Craftsman. You can count that He can do all of the cutting, drilling and grooving correctly. Are you willing to submit to His expert Hands?

Think: God is remaking me as His servant (weapon) of choice

Pray: “Father-God, develop me in Your will and way, for Your Kingdom.”
