

**“The Power Of Consistency”** By Kirk Hunt

*He who is faithful in what is least is faithful also in much; and he who is unjust in what is least is unjust also in much.*

Luke 16:10 NKJV

The card said simply: “Thank you for your 171 donations!” It has taken 5 years of consistency to deliver that many units (pints) of [platelets](#). I am humbled that God would grace me to do so much, and for so long, for His Kingdom.

I have been able to share my good health 171 times. 171 times I have been able to minister, not just to a seriously ill patient, but to all of the kin and kith looking on. 171 times I have answered God’s calling on my life for a man, woman or child (except one) I will never meet.

What should you be doing consistently? How many men, women or children will be blessed if you press toward the goal? You have a calling that will build the Kingdom of God, here and now. Have you answered your calling?

I could never give 21 gallons of blood products at one time. I cannot give platelets as quickly and easily as other men and women. Still, I do what I can. And what I give is not trivial. Especially to those who receive the gift that I pass on from God.

Follow your calling. Faithfully pass on the gift that God has given you. There is power in your consistency.

**Think:** Consistency has more impact and blessing than I think or know.

**Pray:** “Lord, help me to consistently live my life in You.”
